CITIZEN COMMENTS:

Bud Shank – Mid Penn Engineers - We need to secure the Shroyer Building to the best of our ability. We do not want anyone to get in the building we need to start working on an action plan. Council stated at this point we have blocked off the Rock Street side of the building. Mr. Shank said that under normal conditions there should be immediate danger. On the west side the facade is buckling. Mr. Shank suggests we do not touch any parts of the building until we get someone to tear down the whole building. We need to start with Phase 1, safety plan and bring in a demo contractor.

Mike Robinson – He filed a claim of mass corruption in the city.

Joseph Leschinskie - There are a lot of other building in town that are falling down, now after all this we need to start a conversation with the county about the sale of properties for back taxes.

Ron Miller - Has the Brinkash Plot Plan, and is asking the City to vacate the alleyway in between the Shroyer Building.
